

## **STATEMENT OF WORK**

### **Addressing MRIP Recommendations for the Puget Sound Recreational Fishery Monitoring Program**

#### **1. REQUIREMENTS**

The report that shall be reviewed describes a data collection design for collecting recreational fishing catch data from anglers fishing in Puget Sound. The Contractor shall review the report entitled "Addressing MRIP Recommendations for the Puget Sound Recreational Fishery Monitoring Program," and provide comments and suggestions on the methods, results, and conclusions/recommendations and assess if the initial recommendations (from the initial Consultants' Report [attached]) were addressed appropriately and that the data collection design is sound.

The Contractor's comments shall be transmitted electronically in a report format.

The Contractor shall sign a "Non-Conflict of Interest Disclosure" stating that the Contractor does not have any conflict that would prevent an objective review of this report.

#### **2. DELIVERABLES**

- 2.1. Performance of these duties and tasks on an "as required" basis as directed by the cognizant NOAA TPOC.
- 2.2. Specific requirements/deliverables as referenced above.
- 2.3. Monthly report shall be provided by the fifth calendar day of each month during the period of performance specifying:
  - Technical accomplishments, problems/issues and recommendations
  - Status of unresolved problems/issues
  - Planned accomplishments for next reporting period

#### **3. PERIOD OF PERFORMANCE**

- 3.1. The period of performance is from date of award through July 12, 2013.
